

## ROOSEVELT MUST HAVE ABSOLUTE REST AND QUIET

Physicians State Care  
Will Bring Colon-  
el Out O. K.

## SWELLING DOWN

Swelling In Chest Has  
Diminished But Dan-  
ger Is Not Past

## OLD ADMIRER CALLS

Bulletin.  
Chicago, Oct. 19. 1 a. m.—Col.  
Roosevelt has been sleeping since  
11:30 p. m. when his book fell from  
his hands on the cover lid. He was  
breathing regular and gave every in-  
dication of having gone to sleep for  
the night.

Chicago, Oct. 19.—This bulletin  
was issued by the Roosevelt doctors  
at 5:45 p. m.:

"Pulse 84; temperature 98.4;  
respiration 18. Tonight Colonel  
Roosevelt is fatigued from having  
undertaken to respond to some of the  
importunities of his friends. While  
he has today probably passed the  
crisis he is not at all beyond the  
range of danger. It is only by con-  
tinued care and absolute rest which  
we have tonight strictly ordered,  
that the favorable progress which  
his case has been making can be  
maintained. The swelling in the  
chest has diminished, the infiltration  
is less, but the possibilities of infec-  
tion are not yet past. The diffi-  
culty is to make him appreciate  
that while his general physical vigor  
appears good, sufficient time has not  
elapsed for repair of such a serious  
wound to take place.

John B. Murphy,  
"Arthur D. Bevan,  
"Alexander Lambert,  
"Scurry L. Terrell."

### Sits up Several Hours.

The physicians permitted Colonel  
Roosevelt to sit in his easy chair,  
wrapped in a bathrobe, for several  
hours today. He saw a few visitors,  
replied to some of the telegrams of  
congratulations and passed the re-  
minder of the day in talking with  
Mrs. Roosevelt and reading.  
Throughout the day his condition  
was virtually normal. His physicians  
visited him as regularly as before  
and had no changes to report so that  
some of the usual bulletins were  
omitted. It was decided with as  
much definiteness as is possible un-  
der the circumstances that Colonel  
Roosevelt shall deliver one speech  
toward the close of the campaign. It  
will be in Madison Square Garden  
on Oct. 26. The colonel was told  
that if he would exercise prudence  
in the meantime he would be in con-  
dition to make the speech.

Whether he makes it depends  
upon the condition of his broken  
rib which is his chief source of  
trouble now. He was told that he  
must keep as quiet as possible, so  
that the rib ends may knit together  
and that if he does not heed the  
warning he may find himself unable  
to take any part in the campaign.  
The colonel sighed and said he  
would try.

### Aloysius Calls on Colonel.

The event of the day, everyone  
agreed, was the triumph of Aloysius  
Morave. Aloysius as he is always  
known, is a white-haired, orderly  
who has been in Mercy hospital for  
twenty years, and is a favorite of  
the physicians and nurses. For years  
he has been a devoted admirer of  
Colonel Roosevelt, whom he had  
never seen and when Dr. W. B. Mc-  
Cauley told the colonel of the man's  
devotion today, he sent for him.

Aloysius, almost overcome with  
awe, was led into the colonel's room.  
The colonel held out his hand and  
said it was a great pleasure to see  
him. The orderly, trembling in his  
excitement, was speechless for a  
time. Then he exclaimed:

"Oh, colonel, everybody loves  
you."

"I'm afraid that isn't true  
Aloysius," the colonel responded.  
"Everyone doesn't love me. If that  
were so I'd not be here and he pointed  
to his wound." Aloysius broke  
down and wept aloud.

"Well, anyway, colonel," he said  
between his sobs, "all good people  
love you."

The colonel let it go at that and  
Aloysius was led out of the room.  
"Now I can die in happiness," he  
said.

The patients on the third floor of  
the hospital on which is Colonel  
Roosevelt's room took up a collec-  
tion today and purchased a basket  
of flowers. Each patient attached a  
card with a message to the colonel.  
Mrs. Roosevelt and Miss Roosevelt  
went through the wards and thank-  
ed them.

## STUDENTS IN RIOT CELEBRATING GAME

Many Injured When Illi-  
nois University Stud-  
ents Storm Town

## HUFF QUELLS RIOT

Athletic Director Faces Mob  
and Dissuades Students  
From Further Action

Champaign, Ill., Oct. 19.—Many  
persons were injured tonight in a  
riot caused by an attempt of Uni-  
versity of Illinois students to force  
their way into the opera house  
where a vaudeville show was in  
progress.

Celebrating a football victory  
over Indiana, 1,000 students laid  
siege to the theater. They were re-  
pulsed by stage hands and police-  
men, armed with revolvers and  
clubs.

Edgar Dillavou, a high school  
student, was knocked unconscious.  
Grace Medley, a chorus girl, was  
struck on the head with a brick  
hurled through a dressing room  
window.

Grace Fletcher and Pearl Harper  
chorus girls, fainted on the stage  
and were carried off, the audience  
thinking it was part of the show.

There were many injured among  
the students, but their friends  
quickly removed them. When the  
riot was at its height guns were  
brandished by the defenders of the  
theater, George Huff, director of  
athletics, faced the mob and dis-  
suaded the students from further  
action.

The first chapter of tonight's  
riotous proceedings came when the  
exciting students paraded to the  
business quarter of Champaign  
where Charles Adkins, speaker of  
the Illinois legislature was deliver-  
ing a Republican speech. The  
crowd surged around his automo-  
bile and he finally gave up the ef-  
fort to speak and donned an orange  
and blue rooster cap.

After the route of the speaker the  
crowd raced to the opera house  
where they were confronted by a  
guard of policemen who protected  
the front entrance.

A detour was then made to the  
side door where the battle was  
fought. Bricks were hurled at the  
windows of the dressing rooms and  
the door was battered down. It was  
when a stage hand, armed with a  
revolver flourished the weapon at  
the crowd and threatened to shoot.  
Director Huff pressed his way  
through the crowd and made his  
successful plea.

Grace Medley who was struck on  
the head with a brick, is a frail  
woman and her husband was so en-  
raged, that he with difficulty, was  
restrained from engaging the stu-  
dents single-handed.

University officials declared that  
drastic action would be taken  
against guilty students.

Ray Warner, assistant dean of  
men, was present and said that he  
had procured a long list of names  
which will be presented to the  
faculty.

## WOULD UNIFY THE CHRISTIAN CHURCHES

### Organization Formed Including Churches of United States and Canada.

Louisville, Ky., Oct. 19.—Unifi-  
cation of all the missionary, benevo-  
lent philanthropic activities of the  
Christian churches in this country  
and Canada and administration of  
these movements under one cen-  
tral organization, was decided upon here  
today by delegates to the Inter-  
national Convention of Disciples of  
Christ. Having decided a question  
that has been debated for nearly half  
a century, the delegates adopted a  
tentative constitution and named  
eight members of a committee of  
fifteen to look after the preliminary  
work.

The seven even will be named by  
the seven organizations which are  
to participate in the unification. The  
whole committee will arrange for the  
first "general convention of the  
Church of Christ" to be held in  
Toronto next fall.

An echo of the charges of non-  
orthodoxy made during the conven-  
tion against the Rev. Guy Savvis,  
missionary and teacher in the Uni-  
versity of Nanking, China, came to-  
day. The Rev. E. Scrimmer Ames,  
pastor of the Hyde Park Christian  
church, Chicago, which church sup-  
ports the missionary, in a formal  
statement pledged his efforts to in-  
duce his church to withdraw from  
the foreign Christian missionary so-  
ciety members of which objected to  
what they declared was Mr. Savvis'  
disbelief in the divinity of Christ.  
Dr. Ames' action cleared up a situ-  
ation said to be threatening.

### GRAND TRUNK MAY ABSORB GREAT WESTERN

Chicago, Oct. 20.—The Chicago  
Tribune publishes a story today to  
the effect that active negotiations  
are under way by the Grand Trunk  
railway for the purchase of a con-  
trolling interest in the Chicago  
Great Western railroad.

## DYNAMITE FUSE SENT BY MAIL

Government Charges Fuse  
Was Used in Dyna-  
miting at Akron

## FLOYD TESTIFIES

Cleveland Postmaster Des-  
cribes Package Sent By  
McManigal

Indianapolis, Oct. 19.—The de-  
livery through the mail of a package  
which the government charges con-  
tained the fuse used to blow up a  
building at Akron, O., on July 4,  
1910, was described by R. G. Floyd,  
postmaster at Cleveland, Ohio, on  
the stand as a witness in the "dyna-  
mite conspiracy" trial today.

He testified that the package, sent  
by Orville E. McManigal, Chicago, was  
received by special delivery at the  
home of Peter J. Smith, an iron  
worker's union official in Clevel-  
and. According to the government  
Albert S. Hockin and McManigal had  
taken to Cleveland from Rochester,  
Pa., on a passenger train, a quantity  
of nitro-glycerine to carry out  
orders from J. J. McNamara that  
"there must be a Fourth of July  
celebration at Akron." It was de-  
cided to use dynamite later and Mc-  
Manigal was sent to Chicago to  
forward the fuse from his home.

The package arrived in Cleveland  
on July 4th. Mr. Floyd testified.  
An explosion in a building under  
construction by an employer of non-  
union labor occurred in Akron on  
the same day but the damage was  
slight.

Financial accounts taken from  
McManigal's office in the iron  
workers headquarters in Indian-  
apolis, show the government  
charges show a conspiracy on the  
part of the 45 defendants to give  
financial support to the "dynamite  
campaign" against structural  
iron and steel contractors, were  
identified by Miss Mary Dye, former  
book-keeper for McManigal. Miss  
Dye identified checks issued to  
Frank C. Webb, New York and signed  
by President Frank M. Ryan  
with the notation "charge as a do-  
nation to local union \$200, expenses  
for organizing purposes, by order of  
the executive board."

Other checks issued when money  
is alleged to have been paid to Mc-  
Manigal were identified.

### JACK JOHNSON HAS NARROW ESCAPE

#### Large Ink Well Dropped From Tenth Story Narrowly Misses Pugilist's Head.

Chicago, Oct. 19.—While Jack  
Johnson, champion pugilist, was  
leaving a bank in the downtown dis-  
trict today, an unidentified man  
dropped a large inkwell from a win-  
dow on the tenth floor of an office  
building which narrowly missed  
striking the pugilist on the head.  
Authoritative information is in the  
hands of the government that Lucile  
Cameron was brought to Chicago in  
violation of the Mann act, in a state-  
ment issued by the United States  
District Attorney Wilkerson.

"The government is proceeding  
with caution in its investigation of  
Johnson's alleged association with  
Miss Cameron and other white  
girls," said Mr. Wilkerson. "We  
have information from a reliable  
source that the Cameron girl was  
brought to Chicago for unlawful  
purposes by a woman who was  
some way associated with John-  
son."

### Girl Held at Rockford.

Rockford, Ill., Oct. 19.—Miss  
Lucile Cameron, whose alleged rela-  
tions with Jack Johnson has aroused  
civil and federal authorities in Illi-  
nois, was brought to Rockford to-  
night to await hearing on Tuesday  
at which she will be a witness.  
Miss Cameron is without funds  
and will be obliged to subsist on jail  
fare. Sheriff Blair has strict orders  
to keep everyone from seeing her  
while in his custody. Johnson's at-  
torney will be here Sunday in an  
attempt to see the girl, it is said.

### BOTTLE MAKES LONG TRIP.

Louisville, Ky., Oct. 19.—Throw-  
ing a "right corked bottle" contain-  
ing her name and address into the  
Ohio river nearly five years ago,  
Miss Nora Lea of 194 East Gray  
street, Louisville, did not hear from  
it until today when she learned that  
it had been picked up off San Diego,  
Calif.

The finder, Charles Collins of 504  
Phillips street, Toledo, Ohio, sent  
Miss Lea the slips of paper she had  
put in the bottle saying he had fish-  
ed it out of Coronado Bay while on  
a visit to California.

Captain John F. C. Hedgewald, U.  
S. A. (retired) of Louisville, whose  
interest was attracted by the inci-  
dent, probably will make a report to  
the United States coast and  
geodetic survey being the bottle  
passed down the Ohio, into the  
Mississippi, through the Gulf of  
Mexico, then across the Atlantic, In-  
dian and Pacific oceans before it was  
nearly washed up on the coast of  
California.

## BUMPER CROPS WILL DECREASE HIGH PRICES

President Says Wave  
Of High Prices Has  
Begun To Subside

## WILSON REPORT

Figures Show Aggregate  
Crop To Be Greater  
Than Expected

## MEAT TO BE LOWER

Beverly, Oct. 19.—In a statement  
here today based on reports from  
Secretary James Wilson, President  
Taft declares that the wave of high  
prices for food throughout the world  
has begun to subside in this coun-  
try.

The American people have cause  
to be thankful that because of our  
industrial prosperity it has not been  
attended here with the great hard-  
ship which has prevailed in some of  
the countries, where high prices have  
been combined with low wages to re-  
duce the working people to a point  
bordering on starvation, says the state-  
ment.

According to the announcement  
of white house officials, Secretary  
Wilson made an investigation of the  
causes of the prices and effect on the  
bumper crops of the United States  
on such prices. The great prosperity  
of the American farmer, the re-  
port to the president shows, has  
brought about a material decrease  
in the cost of food products, al-  
though in many instances the reduc-  
tion will not become apparent to the  
consumer for several months. The  
report promises that the price of  
meat will decrease notably on ac-  
count of the bumper crop of corn,  
and after cattle, sheep and hogs fed  
from that crop reach the consumer.

Secretary Wilson advised the presi-  
dent that of the nine great crops  
of the country, corn, wheat, oats,  
barley, rye, buckwheat, potatoes, flax  
seed and hay, the October first prices  
indicated a saving to the consumer  
of about 9 per cent or nearly \$500,-  
000,000.

The crop increase will make up to  
farmers, however, reductions in  
price.

Mr. Wilson shows that while the  
return to the producers on October  
1, 1911, amounted to \$3,868,000,-  
000 at the prices prevailing October  
1, on this year, their return will be  
\$4,454,000,000.

Mr. Wilson's report, according to  
officials here, shows that the aggre-  
gate crop in the United States will  
be about 20 per cent greater than  
expected.

He shows that the wheat crop of  
the year is nearly 100,000,000  
bushels greater than last year, and  
says that one high grade flour is  
costing at the mills 80c a bushel less  
than it did a year ago. The corn  
crop, Mr. Wilson points out, ex-  
ceeds 3,000,000,000 bushels and  
there has already been a decrease  
in the price of corn of 7c per bushel.  
The hay crop, he says, has increased  
more than 17,000,000 tons over a  
year ago and he declares that in  
consequence the price per ton has  
fallen \$2.74. This decrease he main-  
tains will not only decrease the  
price of meats, but of milk, butter,  
cheese, etc.

This year's oat crop amounts to  
1,417,000,000 bushels an increase  
over last year's crop of more than  
50 per cent, according to the re-  
port. Most of this crop is used as  
food for stock, Mr. Wilson declares,  
and the increased crop and lower  
prices on Oct. 1, a bushel of oats  
cost 33.4c as compared with 42c a  
year ago—will also make for lower  
prices of meats and all livestock  
products.

On potatoes there will be a saving  
of nearly \$100,000,000 in the cost  
of living. On Oct. 1, the producers  
were getting 51.1 cents a bushel for  
potatoes, the investigations showed,  
as compared with 88.3 cents a year  
ago. The consumption of potatoes  
is 550,000,000 and the actual reduc-  
tion of cost is \$94,500,000 the report  
states.

This year's cotton crop is the largest  
on record, and although the  
price on October was above last  
year it was 2.1c less than the price  
of two years ago, and the new crop  
may bring a reduction in the cost  
of cotton prices.

Honolulu, Oct. 19.—The Pacific  
mail liner Korea was the scene of a  
Tong murder on Thursday, when a  
Chinese named Lee Hin Jou, shot  
and killed Wang Fook. Both were  
journeymen from San Francisco to  
the Orient. Lee was arrested on the  
arrival of the Korea here today.  
Officials say they found in his effects  
letters showing that he had been  
directed to commit the crime by His  
Tong in San Francisco.

## WILSON CLOSES CAMPAIGN TOUR

Will Not Make Another  
Speech Until Roos-  
evelt Recovers

## WOMAN UNRULY

Suffragette Interrupts Gov-  
ernor's Address And Is  
Arrested By Police

New York, Oct. 19.—Governor  
Woodrow Wilson made two speeches  
to night in New York and Brooklyn,  
closing his speaking campaign for  
the present. He will not make an-  
other speech he announced, until Col.  
Roosevelt has recovered.

Mrs. Woodrow Wilson and her  
three daughters attended the big  
meeting at Carnegie Hall.

The governor returned here during  
the afternoon from a campaign trip  
through Delaware, West Virginia  
and Western Pennsylvania. On the  
way to New York he rode for a  
while with Dr. Henry VanDyke, the  
author, and former Governor Hig-  
gins, of Rhode Island.

Miss Maude Malone, a suffragette,  
interrupted the speech of Governor  
Wilson at the Academy of Music,  
Brooklyn, and after a scene of con-  
fusion in which the Democratic can-  
didate tried to pacify the angry  
crowd, the police interfered and ar-  
rested her on a charge of disturbing  
the peace.

The governor was talking about  
monopoly when Miss Malone, who  
was conspicuous in interrupting the  
address by Governor Johnson here  
recently, rose from the balcony and  
shouted:

"How about woman suffrage, Gov-  
ernor Wilson. Man has a monopoly  
of suffrage."

Cries of "put her out; put her  
out" and an uproar of protest against  
the interruption came from the  
crowd.

"Do not be rude to the lady," urged  
the governor, and the crowd be-  
came quiet, while the speaker added:

"Woman suffrage, Madame, is not  
a question that is dealt with by the  
national government at all; I am  
only here as a representative of the  
national party."

The woman continued to shout  
questions about suffrage and when  
the governor could be heard again,  
he said to her:

"I hope, Madame, you will not  
consider it a discourtesy on my part  
if I decline to answer your questions  
on this occasion. I am sure the lady  
will not insist."

Miss Malone did not stop, however,  
and for a few minutes there was a  
confusion of cries to take the wo-  
man from the hall, which finally  
ended when the police arrested her.

Governor Wilson continued his  
speech amidst cheers.

"This is indeed a serious matter,"  
said Governor Wilson, "and it will  
very much against my will and wish  
that the lady should have been ejected.  
I would rather have the meet-  
ing broken up because I respect the  
rights of every person holding strong  
convictions to put questions, how-  
ever, inopportune. The ques-  
tion was not pertinent to the  
national campaign, but I am sin-  
cerely sorry about the incident."

The nominee then devoted his at-  
tention to the tariff and the trusts  
and closed his speech amid cheers.

Governor Wilson motored from  
Brooklyn to Carnegie hall, New  
York, where a great crowd awaited  
him. The meeting was under the  
auspices of a German-American so-  
ciety presided over by Herman Rid-  
der.

"I should be very sorry to see the  
government of the United States  
adopt any niggardly immigration  
policy, because you reflect upon the  
largeness of genius, the infinite vari-  
ety of capacity which other nations  
have conferred upon America, it  
would seem certainly an act of shut-  
tling and an act of folly to shut  
out against such enrichment."

The speaker discussed the claim  
of opponents of the Democratic  
party that a Democratic president  
would destroy business.

"I wish I were big enough to de-  
stroy it," he said, "because if I were  
big enough to do that, I would be big  
enough to establish it and set it  
free."

The governor said it would be his  
purpose to gather the judgments of  
all the people rather than any groups  
of individuals.

"I do not wish to be the master of  
any people," he added, "I wish to be  
their spokesman."

A demonstration of approval fol-  
lowed which was prolonged and the  
governor concluded:

"While I have been listening to  
your applause it has occurred to me  
that that sentence sums up the phil-  
osophy of my policy."

Chicago, Oct. 19.—Governor Hir-  
shman Johnson today spoke at the Un-  
ion Stock Yards at noon and at night  
he addressed a meeting in a tent  
and another in a school building on  
the West Side. Referring to statis-  
tics which he obtained today, the  
governor tonight discussed the ques-  
tion of a minimum wage for women  
and strongly urged that such legisla-  
tion be adopted by the federal gov-  
ernment.

## TESTIMONY HELPS BECKER'S DEFENSE

Witnesses Affirm Raid  
On Gambling House  
Was Not "Faked"

## GUNMEN'S THREAT

Allege Rose And Webber  
Had Threatened To Kill  
Rosenthal Weeks Before

New York, Oct. 19.—Witnesses in  
the trial of Police Lieutenant Becker  
testified today to two points which  
the defense considered vital to its  
case. These were:

First, that the raid on Herman  
Rosenthal's gambling house on April  
17, was made after evidence against  
it had been obtained by the police.  
The state charges that the raid was  
a "fake."

Second, that "Bald Jack" Rose  
and "Bridge" Webber, two of the  
self-confessed accomplices to Rosen-  
thal's murder, who have turned  
state's evidence, threatened to kill  
Rosenthal weeks before he was mur-  
dered.

Another witness, Louis Plitt,  
brother of Becker's so-called press  
agent, swore that Jack Rose had  
gone down on his knees in the Tombs  
and said:

"On the grave and on the memory  
of my dead mother, I say that Becker  
had nothing to do with this af-  
fair."

Other witnesses, a police lieuten-  
ant and his wife, testified that they  
had visited Becker at his home on  
the night of July 17, forty-eight  
hours after Rosenthal was shot, and  
that Becker was there from 10:40  
until they left at 11:45. Jack Rose  
has testified that he was with Becker  
elsewhere during those hours.

Joseph B. Shepherd, one time  
member of Becker's "strongarm  
squad" testified that he had obtained  
the evidence upon which Rosen-  
thal's instructions, drew up the  
necessary legal papers preparatory  
to making the raid. The day after  
this the warrants were issued. Shep-  
herd was not cross-examined, but  
District Attorney Whitman said he  
would be when court convened on  
Monday. So far as the introduction  
of evidence is concerned the case is  
considerably more than half finished.

Mr. McIntyre said this afternoon that  
he expected to introduce about  
twenty more witnesses and probably  
would rest his case Wednesday or  
Thursday. He said he would ask  
for an entire day to sum up.

### CITY HAS CHARGE OF NEWSBOY'S FUNERAL

#### Gary Will Conduct Funeral Arrange- ments for "Billy" Rugh.

Gary, Ind., Oct. 19.—The city of  
Gary has assumed charge of the  
funeral arrangements for "Billy"  
Rugh, newsboy, who died Friday fol-  
lowing an operation several weeks  
ago in which he sacrificed a leg to  
save the life of Miss Ethel Smith, by  
skin grafting.

Six policemen will act as pall  
bearers and following the funeral  
services the body will be taken to  
Rock Island for burial.

Several thousand dollars have  
been subscribed for a memorial for  
Rugh, contributions being received  
from all parts of the country. Among  
the donations was one from the  
newsboys association of Jackson,  
Mich. Several suggestions are un-  
der consideration for the disposition  
of the funds. One is that a statue  
be erected in a public park, another  
that a bronze tablet be placed on  
the corner where he sold papers and  
another that a room in the Gary  
general hospital where the boy died,  
be endowed for charity purposes.

### SHOOTS FATHER.

Denver, Oct. 19.—Emil Howard  
Ross, Jr., 20 years old, shot and in-  
stantly killed his father, Emil How-  
ard Ross, 44 years old, at the family  
home late today. Young Ross and his  
stepmother were arrested. The  
youth says he shot his father be-  
cause the latter abused the step-  
mother.

### WEATHER INDICATIONS AND TEMPERATURES

Washington, Oct. 19.—For Illinois:  
Fair and warmer Sunday; Monday  
unsettled; moderate south winds.

Temperatures.  
Chicago, Oct. 19.—Current, maxi-  
mum and minimum temperatures

Belgrade, Oct. 19.—In the pres-  
ence of the troops at Nish, yester-  
day, King Peter read a proclama-  
tion explaining the cause of  
Serbia's declaration of war against  
Turkey. He declared that the con-  
dition of Serbs in Turkey had been  
for many years "absolutely intoler-  
able" and that by this method  
Turkey sought also to hinder  
Serbia's economic development.

After reference to the loyal sup-  
port of the allies in the common  
cause the proclamation concludes:  
"I ask you dear brethren to as-  
sist with all your heart and soul  
your strength my valiant army.  
Long live my dear Serbian na-  
tion."

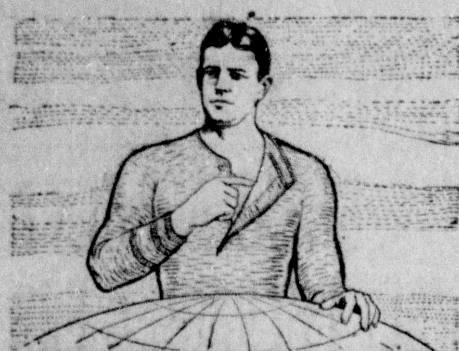

After the proclamation was read  
orders were given for a general ad-  
vance of the Serbian army.

### Has Crossed Border.

Belgrade, Oct. 19.—The general  
staff reports at seven o'clock tonight  
that the Serbian army has crossed  
the border and is engaged in opera-  
tions in Turkish territory.

PEOPLE who cannot wear wool because it "scratches" and those who shiver in "clammy" cotton underwear will welcome Duofold, the ideal underwear.

It is practically a double garment, warm wool on the outside where sleep wear is, soft cotton next the skin. These light weight fabrics are held together by widely spaced stitching. The garment is always fresh and dry because the air circulates between the fabrics.

### ANTI SALOON LEAGUE GIVES PREFERENCES

Lines of Battle Are Being Drawn in This the Forty-fifth Legislative District.

Springfield, Oct. 19.—The legislative fight in the Forty-fifth district during the time remaining before the election on November 5 will resolve itself into a battle between the "wet" and "dry" forces. In a list of endorsements in thirty-one of the fifty-one districts, the Illinois Anti-Saloon league today made its stand clear on the candidacies in the fight here.

The league elects to stand for the re-election of Thomas E. Lyon and James M. Bell, the former Republican and the latter Democratic. It will try to defeat one of the other two candidates, William J. Butler, Republican, and James F. Morris, Democrat. The leaders admit that the fight is going to be a hard one.

The "dry" forces are divided just now as the result of the candidacy of Rev. John R. Golden for the legislature on the prohibition ticket. There has been a persistent rumor that he would withdraw from the race and advise prohibitionists to vote for Lyon and Bell, but the date for filing withdrawals with the secretary of state has passed and his name will be certified to the county clerks with the other candidates on next Monday. That, however, will not preclude the possibility of his withdrawal should he decide to take that step, provided he filed his certificate with the county clerks before the ballots are printed. Mr. Golden is out of town today and he has not indicated what he will do.

Following the state convention in Rockford next week, vigorous efforts will be put forth here by the "drys" in the interest of the two candidates.

It is the intention of the league officials to announce the candidate recommendations in the other twenty districts at the meeting in Rockford.

**ENTERTAINMENT AT BROOKLYN**  
The Misses Shout and Fox gave a very entertaining program of readings and vocal selections at Brooklyn church Friday night which was heard by a large audience. The Brooklyn chorus gave a selection which was greatly appreciated. This chorus is directed by Miss Mary Lindsay and she has devoted a great deal of time and energy in directing the chorus and the work of the chorus shows that she has obtained good results. The entertainment was given under the auspices of the musical committee and they realized quite a neat sum.

The Clover Leaf Casualty company has just received word that they have been admitted into the state of Indiana. The company will immediately organize for business in that state. It was only a short time ago that such a permit was granted them in the state of Missouri and the work there has been progressing in a satisfactory manner. Fred H. Rowe, president of the company, returned Saturday from a two weeks' business trip spent in the east. He has been looking over the states of Vermont, New Hampshire and Massachusetts with a view later on of establishing agencies there. The outlook for the Clover Leaf is most promising.

Thomas Dillon Patient at Passavant Hospital Suffering From Fractured Leg.

Thomas Dillon is a patient at Passavant hospital, suffering from a fractured leg, which he received while enroute from Springfield to Roodhouse on a Chicago & Alton passenger train last Sunday night. It is said that the patient was first robbed of his money and then thrown from the train by some tramps when the train was near Murrayville. As soon as the members of the train crew learned that the man had fallen from the train they stopped and backed the train to where he was lying and took him on to Roodhouse. He was brought to this city on the early Chicago & Alton train Monday morning.

Mr. Dillon is a railroad man and was on his way to Roodhouse to report for a position when he was injured.

## Conservation

There's lot of talk these days about conserving the forests and other national resources and it's important talk, too. That's a national interest. But the question that has a more personal interest is that of conserving one's own resources.

### CONSERVATORY NOTES.

Mr. Munger's annual piano recital will be given in recital hall on Tuesday evening, Oct. 29, at 8 o'clock.

The faculty recital will take place early in November. The date has not yet been definitely decided on.

Mr. J. Philip Head acted as organist at the wedding of Miss Parsons and Mr. King on Tuesday evening, Oct. 15. He played also on Friday evening, Oct. 18, at Grace M. E. church at the graduating exercises of Brown's Business college.

Miss Helen Robinson is in Chicago taking some special work at the Columbia College of Oratory and Physical Expression. Miss Robinson expects to open her class in rhythm and gymnastics at Academy hall the first week in November.

**Children's Department.**  
Mrs. J. E. Humble and children and Miss Virginia Lee, of Springfield, were guests of the general preparatory training and social training classes this week. Miss Humble is the sister of Mrs. Frank Bode.

Mr. Henry Kirby of Chicago visited the story hour and social training classes on Monday. At the close of the regular lesson he gave the children an informal talk on his musical experiences.

The Misses Robinson are planning a Halloween leaf raking frolic for the children's department at Academy hall. It will be held at the regular story hour time, 3:45 p. m., on Monday, Oct. 28.

Next Tuesday morning the plowing contest arranged by the Chapin Farmers' Institute will be held on the farm of A. L. French, near Chapin, beginning at 9 o'clock. Already there are a great many entries and indications are that a large attendance of farmers will be attracted. T. H. Pratt, H. P. Joy and H. O. Smith constitute the committee on rules and they have issued the following to govern the contest:

**Score Card.**  
Straightness of furrow .20  
Uniformity in depth .15  
Uniformity in width .10  
Covering of weeds and stubble .20  
Evenness of plowed land .20  
Evenness at ends .10  
Management of team .10

**Rules.**  
Each contestant to plow three rounds.  
Each contestant to provide for his own team and plow.  
Only walking plows to be used.

### A MIS-STATEMENT.

In Friday evening's paper appeared a long column of notes from some branch of the High school that has caused a lot of comment on the part of the confectioners and fruit men of the city. The sociology class report in this column is the cause of this trouble. This class of students claim to have visited several of the stores in the city and have found unsanitary conditions, being refused admittance to some. Among those that are indignant over the report is Mr. Bonansinga on the east side of the square. As everybody knows, Mr. Bonansinga keeps his place scrupulously clean and handles only high grade goods. He has been in this store for the past twenty years and everybody knows him and his way of doing business. No member of the class went near Mr. Bonansinga nor even entered his place of business, nor did they go near the proprietors of several of the other stores and yet they make reports public that may do these men great damage in a business way. It was certainly a mistake to make such a report.  
T. H. Buckthorpe.

W. G. Bate of the High school faculty issued a statement yesterday, setting forth that the students had been requested to visit stores for the purpose of making their work along sociological lines real to them. He said further that there had been no intention to publish any of the class room discussion and further that he greatly regretted this had been done. Mr. Bate also stated that Mr. Bonansinga's name had not been mentioned in the class room.

**ALLISON THOMASON**  
Republican Candidate for County Commissioner.

Mr. Thomason has spent all of his life in Morgan county and is a successful farmer. He owns over four hundred acres of land in the county practically all of which he bought and paid for himself. In other words he has managed his affairs in a way which proves that he is entirely capable to look after business matters for Morgan county. He is a man worthy of all confidence.

### MATRIMONIAL

Seymour-Weatherford.

Leonard B. Seymour and Miss May Weatherford, both of this city, were married Saturday afternoon by Rev. G. W. Flagg, pastor of Centenary M. E. church at his residence on East State street. They were attended by Mr. and Mrs. George Seymour, an uncle and aunt of the groom. The groom is a carpenter by occupation and both have a host of friends who will extend congratulations. They will reside on East College avenue.

Lucas-Flora.

William Lucas of this city and Miss Genevieve Flora, of Peoria, were quietly married Saturday evening at 8:30 o'clock by Dr. A. B. Morey at his residence on Caldwell street. They were attended by Miss Jeanette Wagner and Joseph Lucas, a brother of the groom. The bride, who was reared in Peoria, has visited in this city a number of times and won for herself a host of admiring friends. The groom is a son of Mr. and Mrs. William Lucas of Gladstone street, and received his education in the public schools of this city. For some time he has been in the employ of Miller brothers and has a large circle of friends who know him for his sterling worth. Immediately after the ceremony the young couple went to their home which had been furnished by the groom, at 941 West Edmond street. They will have the best wishes of their many friends.

### ROOSEVELT MUST HAVE REST

Col. Theodore Roosevelt must rest all day tomorrow in absolute quiet if he is to be able to take an early train for New York Monday morning. This was the decision reached to night by the surgeons who met in consultation in his rooms here after a day during which they assert that the colonel has been overdoing it. A succession of social meetings and at least one important political conference which he held with Governor Johnson, took place to day when the surgeons definitely determined to call a halt. The evening bulletin was distinctly moderate in tone, though the surgeons are emphatic in declaring that there is no danger in sight from any source except the patient's own energetic disposition, which will not allow him to keep quiet.

Dr. John B. Murphy, chief of the surgeons in charge of Colonel Roosevelt's case, declared to night, as he left the colonel's rooms that his patient was going under stricter discipline tomorrow than he has yet experienced during his stay in this hospital.

**Must Prepare for Trip.**  
The colonel is going to be made to understand that his going to New York Monday depends on his resting in perfect quiet all day Sunday," said Dr. Murphy. "There are going to be no callers; there will be no political or business conferences. The day must be one of complete repose or we cannot sanction any railroad trip the first of the week."

"Our patient needs all his strength to repair the damage done to his body. While lying in bed he has felt so well generally that he has not realized what a task is laid upon his system and in consequence he has been ready—too ready—to meet the demands which his friends have made upon him. There has been a tendency on his part to overdo it all the time and this must stop until he is more nearly recovered. This will be put squarely up to the colonel, it will not be safe for him to try to go to New York."

**Still in Weak Condition.**  
The condition of the patient, the surgeons insist, is not what it might have been had he been careful from the start. That this is not an alarmist statement of his present condition, however, equally is insisted on. It merely means that the colonel is a weak man from his wound.

Despite his great strength and his reserves of vitality are far in excess of those of the average man. He has seen callers, talked, discussed books, laughed, sat up and in other ways given rein to his energies and the medical men say that this has been allowed to go too far and that it must now be entirely stopped. He had a slanting wound in his chest seven inches long in immediate proximity to his vital organs and the healing of this wound and the reuniting of the parted tissues is a task the magnitude of which he has not appreciated.

Chicago, Oct. 19.—Col. Roosevelt at 11 o'clock tonight told Night Nurse Fitzgerald that he felt very tired. He had put in the time since the consultation of his surgeons at 6:30 o'clock, in reading, talking with Mrs. Roosevelt, shaving his face, having a bath and eating a little lunch. His temperature at 9:30 was 98.2, at which figure it remained when taken at 11. His respiration and pulse were stationary and about normal.

"I feel quite tired," he said to Miss Fitzgerald as she left him for the night. "I think I saw too many people today. I will be glad to sleep. I need it."

The colonel took a book, saying that he would read a few minutes and then go to sleep for the night.

### MINNESOTA REMEMBERS GOVERNOR JOHNSON.

St. Paul, Minn., Oct. 19.—Minnesota today paid tribute to the memory of one of her favorite sons, the late Governor John A. Johnson, by unveiling a handsome memorial erected in his honor. The memorial consists of a statue of Governor Johnson, designed by Andrew O'Connor, the New York sculptor. The statue is of bronze and is mounted on a large granite pedestal.

The unveiling exercises were held in front of the state capitol. C. D. O'Brien, president of the monument commission, presided. Bishop Lawler offered an invocation and Governor Elmerhart accepted the statue in behalf of the state. Congressman Winfield S. Hammond delivered the oration of the day.

THE HOT STORM

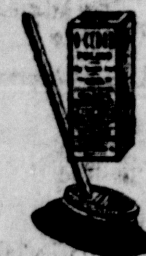

—the stove with a "little furnace" in it

Is the happy combination of both methods. It heats by radiation—from every inch of its great surface; it warms the floor—just as efficiently as a Base Burner; and it circulates continuously a wonderful volume of pure and intensely heated air. "A Parlor Heating Plant," it has been termed—and the phrase fits it exactly. It works like a furnace, because it's built like one, heating all the rooms of a house—upstairs and downstairs—just as efficiently as a furnace.

And now note carefully this fact—no extra fuel is required to feed the Little Furnace. The hot air which it distributes is that which in the ordi-stove is shot up the chimney and wasted. The volume of this hot air has been proven by careful tests to be from 50 to 75 per cent. of all the heat generated from the coal.

FARMERS INSTITUTE  
TO BE HELD THIS WEEK

Programs at Alexander, Chapin, Lit-  
terberry and Murrayville Will Pre-  
pare Way for All County Meeting  
in Waverly Friday and Saturday.

The coming week will be an im-  
portant one for the farmers of Mor-  
gan county as an institute will be  
held every day. The first one will  
be at Alexander Monday; Tuesday  
will be the Chapin institute, with  
the plowing contest in connection;  
Wednesday is the Litterberry date  
and Thursday will be the day for  
the Murrayville institute. Friday  
and Saturday the all county in-  
stitute will be held in Waverly.

There will be well known speakers  
on subjects of interest to the farm-  
ers at all of these institutes and it  
is the expectation that discussion will  
be general and only in this way can  
the highest good be secured.

A meeting of institute directors  
was held at 1 p. m. Saturday at the  
Ayers National bank and was at-  
tended by the president, Edward  
Scott, of Waverly, Secretary Harold  
Joy of Chapin, Superintendent Chas.  
H. Story of Nortonville, Sherman  
Luttrell of Waverly, Allison Thomason  
of Markham, Isaac Watson of the  
southeast part of the county, J.  
E. Thompson of Murrayville, Charles  
Ransom of Lynnville and others.

The institute to be held this week  
at Waverly was talked over and sev-  
eral matters pertaining to it ex-  
plained.

It was the sentiment of the meet-  
ing that hereafter it would be well  
to have an institute in each precinct  
and a central institute later for the  
whole county.

Sherman Luttrell reported much  
been. He said they had a box social  
to raise \$10 dues the affair clear-  
ed \$25 and they would have \$15 to  
use for other work in the same line.

The program as arranged for the  
Waverly meeting follows:

9:30. Music. Invocation.

President's address.

"Soil Fertility and Permanent Ag-  
riculture"—Lindsey Reece, Pana, Ill.

1:15. Music.

"Alfalfa"—Lindsey Reece.

"Farm Sewage Disposal"—Speak-

The speakers for the one day in-  
stitutes (at Alexander, Oct. 21;  
Chapin, Oct. 22; Litterberry, Oct. 23;  
Murrayville, Oct. 24) are as fol-  
lows: Lindsey Reece, of Pana, Ill.,  
on "Maintenance of Soil Fertility";  
Mrs. M. M. Bangs, of Chicago, Ill.,  
on "Domestic Science."

Institute Officers.

The following are the county in-  
stitute officers:

President—Ed. D. Scott, Franklin.

Vice president—Dr. E. K. Blair,  
Waverly.

Secretary—H. P. Joy, Chapin.

Treasurer—W. H. Rohrer, Waver-  
ly.

Superintendent—Charles H. Story,  
Murrayville.

In addition to these county of-  
ficers there are officers called pre-  
cinct directors, as follows:

Franklin—Ed. D. Scott.

Woodson—Isaac Watson.

Lynnville—Alexander Ransom.

Murrayville—J. E. Thompson.

Waverly—Sherman Luttrell.

Sinclair—Amos Swain.

Nortonville—Charles H. Story.

Alexander—Ernest Strawn.

Markham—Allison Thomason.

Concord—H. P. Joy.

Mercedosa—Al Butcher.

Jacksonville—E. R. Hembrough.

Centerville—Walter Weatherly.

Has Canvassed the County.

In the five precincts where in-  
stitutes are to be held the county su-  
perintendent, Charles H. Story, has  
made a pretty thorough canvass of  
all schools, carrying an exhibit of  
articles from the agriculture and do-  
mestic science departments and ex-  
plaining to the pupils, teacher and  
all whom he could meet, the plan  
of the work, teaching the children  
how to select corn, small grain, veg-  
etables, canned fruit, etc., for the  
precinct institute and urging them  
to take an active part in the work,  
and compete for the prizes.

In each of the precinct institutes  
an expert corn judge is to pass upon  
the exhibits, while the Domestic  
Science club may select judges for  
their exhibits.

At each of the precinct institutes  
Mr. Lindsey Reece of Pana, Ill., will  
address the people on "Maintenance  
of Soil Fertility," and Mrs. M. M.  
Bangs of Chicago will speak on "Do-  
mestic Science." It is desired that  
the remaining schools of the county  
be visited by Superintendent Story  
if possible, to enlist the interest of  
all parents and pupils as far as pos-  
sible.

MOVING PICTURES IN  
GERMAN EDUCATION.

The use of moving pictures in  
education has had a real impetus in  
German official circles, according to  
information recently received at the  
United States Bureau of Education.  
The Prussian Ministry of Education  
is now considering the feasibility of  
employing cinematograph films in  
certain courses in higher educational  
institutions, and a number of film  
manufacturers are being given an op-  
portunity to show the authorities  
what films they have that are adapt-  
ed to educational purposes.

A well known philanthropist has  
recently donated two fully equipped  
moving picture machines to the  
schools of Berlin. One is to be used  
in the Conspiration Institute for  
Higher Teachers and the other in the  
high schools of greater Berlin.

Moving picture films are now  
available in Germany for anatomical,  
biological and bacteriological courses  
and the manufacturers are confident  
that the enormous field for their  
products will be opened up when  
educators fully realize the value of  
moving pictures in education.

Education Briefs.

Football is forbidden in the schools  
of Bavaria by a recent decree.

The average monthly salary of  
American school teachers in 1870  
was \$28.54. It is now \$61.70.

Berlin is to have compulsory in-  
dustrial and commercial continuation  
school for girls.

## ARKANSAS ON WHEELS.

Mayor Davis has been notified of  
the coming of "Arkansas on  
Wheels" to this city Wednesday,  
Oct. 30. There are ten cars in the  
train and one hundred gentlemen  
and ladies from Arkansas. Exhibits  
showing what Arkansas is doing are  
carried and the train is journeying  
through five states. Edward Payne,  
formerly of this city, is with the  
party and has written his friend G.  
B. Andre that the exhibit will be  
well worth seeing. The train is to  
come here from Springfield.

Joliet, Ill., Oct. 19.—De. Bernard  
S. Malloy of Joliet and Thomas B.  
Thompson, western editor of Musical  
Courier Extra, today were discharged  
by Judge Dibel when they appeared  
to answer a charge of conspiracy to  
libel officers of the Stegre Piano  
company by means of articles which  
appeared in the magazine. They  
were released on the ground that  
they had not been tried within four  
months after giving bail.

## IT'S TRULY DELICIOUS.

In this day of "progressiveness"  
the constant purpose of the live  
merchant is to keep up with the pro-  
cession or rather to lead it and that  
is doubtless the reason that Vickery  
& Merrigan are making that especial-  
ly delightful offering "Maple  
Mousse." Order to day for your Sun-  
day dessert and you will be convinced  
that "Maple Mousse" is truly de-  
licious.

## OVERLOOKED BIG SUM.

Skagway, Alaska, Oct. 19.—Nearly \$250,000 in gold in the Wells-Fargo Express company office was overlooked by a robber who sandbagged Agent Herbert Taylor here last night. The robber took a package containing \$1,200. When Taylor went into a rear room for a bucket of coal, the robber, who had been concealed in a closet, struck him over the head. Taylor lay unconscious until found to day.

## HEAVY TRACK AT DALLAS.

Dallas, Texas, Oct. 19.—The Great Western Circuit race program here was again postponed today on account of a heavy track.

MARGARET ANGLIN

On Monday night, Oct. 28, Margaret Anglin will appear at the Grand with her company of comedians, in the new comedy, "Green Stockings," that was written by A. E. W. Mason, novelist and playwright. Miss Anglin comes in a role that for her is of a novel character. Her name has been associated for so long with emotional parts that it seems hard to realize her in anything else. In fact, when it was first announced in New York that Miss Anglin was to appear in comedy, the news was received with surprise, and there was a good deal of pessimistic prediction as to the result. The wisecracks, however, missed their reckoning, for "Green Stockings" and Margaret Anglin made a stunning hit, and ran in New York, packing the Maxine Elliott during the whole of last fall, and a large part of the following winter.

## EVIDENCE FOR DEFENSE.

St. Louis, Oct. 19.—The defense in the Kimmel insurance case in the state circuit court began its evidence today after a demurrer to the testimony offered by Mrs. Edna Bonsett, the plaintiff, had been overruled. Another motion to require the plaintiff to elect on which count of its petition which to stand was also overruled. The motion had reference to

one count that George Kimmel, the insured, died previous to 1903 and in another count that his death took place previous to 1905.

## RECOGNIZED BY GERMANY.

Berlin, Oct. 19.—The German government today announced its recognition of Italy's sovereignty over Tripoli and Cyrenaica.

## ARE CONSIDERING STATE CHARITIES

Seventeenth Annual Conference Now in Session in Springfield.

Springfield, Ill., Oct. 19.—The seventeenth annual State Conference of Charities and Correction opened in this city today with the largest attendance of delegates in the history of the organization. The exhibit of the work of state institutions and organizations engaged in social welfare work is the largest that has ever been displayed.

Among the noted men who are to address the conference, which will be in session until Tuesday evening, are Alexander Johnson, secretary of the National Conference of Charities; Dr. F. Park Lewis of Buffalo, N. Y.; Dr. William T. Shanahan, medical director of the New York State Colony for Epileptics; Dr. H. H. Goddard of the Vineland, New Jersey, School for Feeble Minded; C. F. F. Campbell executive secretary for the Ohio Commission for the Blind; Dean Walter T. Sumner, of Chicago; Prof. Willard E. Hotchkiss of Chicago; Dr. Eugene Davenport, Dean of the Illinois College of Agriculture; Mr. Paul Kellogg of the Russell Sage Foundation of New York City; Governor Deneen, Francis G. Blair, superintendent of public instruction.

The Illinois Society for the Prevention of Tuberculosis held its annual meeting today, at which it discussed the Anti-tuberculosis Movement in the Smaller Communities. Dr. George T. Palmer of this city and Dr. J. W. Pettit of Ottawa were the principal speakers.

The Illinois Association of Poor Farm Superintendents will hold sessions on Monday and Tuesday and the Illinois Branch of the American Institute of Criminal Law will hold one session on Monday.

The Springfield Woman's club conducted the opening session this afternoon, thus inaugurating the movement to interest the Women's clubs of Illinois in the work of the State Conference. Alexander Johnson spoke on "Social Causes of Distress."

**President Made Address.** The president of the conference, Prof. Edward C. Hayes, head of the department of Sociology at the University of Illinois, delivered the annual address. It was a general survey of social conditions in Illinois in which he referred to the large number of families in every large town in Illinois who are living under unsanitary conditions, of which the majority of the citizens have apparently no knowledge of their existence. He denounced the condition which permits hundreds of feeble minded girls to be scattered in every portion of the state, when they should live under custodial care. Speaking of the solution of these problems, he said: "Next to the desirability of turning attention to the springs which feed the black river of pauperism and crime is the desirability of actively interesting in these problems a larger proportion of our citizens. The results of painstaking investigation and costly experience go for naught because the lessons are not learned by the many, but only by a few. We know how to do things, but we do not do them because so few know how and so few deeply care."

Illustrating his point he said: "Although it has been clear for many years to all intelligent students of the subject that the ordinary county jail is a nursery of crime and as our own beloved Dr. Wines wrote seventeen years ago, 'a foul blot on American civilization,' we make no effective effort to replace it by a better system and we go on building costly structures adopted only to the perpetuation of old abuses."

He spoke of the tramp evil as a great and perilous problem "which requires an effective campaign of education so that our citizens may realize that we can have as many or as few tramps as we choose to feed."

Prof. Hayes recommended the correlation of all the organized agencies which are already seeking to promote social welfare in Illinois. Second, he favors the establishment of county and city conferences of Charities and Correction. He said that the legislature has provided for Teachers' Institute and Farmers' Institutes; "what we need now," said he, "is Citizens' Institutes to deal in questions of social welfare."

**Program for Today.** Morning, 10:30 o'clock. Services in the churches of Springfield appropriate to the objects of the state conference, pulpits to be filled by members of the conference.

The Bell company has been granted a thirty-five year franchise.

**Drives Wolf Team Across Continent.**—J. R. Darnell and wife, driving a team of wolves, came into Decatur and attracted no small amount of attention. Mr. Darnell is doing some advertising work and is driving from the Atlantic to the Pacific.

His team is composed of three Siberian wolves, one husky, or large Alaskan dog and one timber wolf. Mr. Darnell expects to reach the end of his journey by the middle of December, and if he completes the journey he will accept an offer to go to work for the Panama exposition for two years. The team has made as high as fifty-two miles a day, but on the average it makes about forty miles.

**Next Year's Synod Held in Decatur.**—Next year's synod of the Presbyterian church will be held in the James Millikin university in Decatur according to the decision made at the morning session of the synod which is now in progress in Champaign. The meeting next year will begin the third Tuesday in October.

The synod will bring a large number of visitors to the city. Rev. W. S. Marquis of Rock Island and E. P. Hill of Chicago were speakers at the morning session of the synod today.

**Illinois "U." Veterans Out.**—Vice-President Burrill and Comptroller Shattuck, retiring after fifty years of service, were given medals at the University of Illinois convocation.

**Joliet Boys are Given High Honor.**—At the daily University of Illinois convocation, two of the highest honors awarded at the University of Illinois were given to Arthur William Baumgartner and Glenn W. Schroeder, both of Joliet. This is the first time in years that two honors have gone to students from the same city.

**State Inspector Closes Coal Mine.**—By order of the state mine inspector, the Wilfred coal mine at Seneca has been closed on the ground of improper protection to employees.

J. L. Jones, president of the company, is being sought by the sheriff at Morris in a suit started by the state's attorney's office charging Jones with operating a mine without proper boiler inspection. Jones cannot be located.

**Attorney Loses Suit for \$100,000 Fees.**—By a decision handed down by the appellate court, D. R. Anderson, a Joliet attorney, loses his suit for \$100,000 attorney fees against the estate of Laura A. Gould. Anderson, representing a number of distant relatives, started a contest of the Gould will, but it was dismissed when his bill for \$100,000 attorney fees was filed. H. B. Gould of Morris, principal beneficiary, contested Anderson's suit. The case was first heard under Judge Eldred of Ottawa. The appellate court sustained Judge Eldred's decision.

**New Centralia Bank Opens.**—The Centralia Trust and Savings bank has opened for business. The new institution is capitalized at \$50,000. The officers are: President, J. F. ## All Sores Are Not Cancerous

While all Old Sores are not cancerous in their nature, every slow healing ulcer shows a degenerated condition of the blood. Virulent impurities in the circulation produce angry, discharging ulcers, while milder and more inert germs are usually manifested in the form of indolent sores or dry, scabby places. Efforts to heal an old sore with external applications always result in failure because such treatment does not reach the blood, and the ulcer will continue to eat deeper into the surrounding flesh as long as a polluted circulation discharges its impurities into it. S.S.S. heals old sores of every nature by purifying the blood. It goes to the fountain-head of the trouble and drives out the germ-producing poisons and morbid impurities which prevent the place from healing. Then a stream of rich, nourishing blood, which S. S. S. creates, causes a perfect and natural knitting together of all flesh fibres, making a thorough and permanent cure. The sore does not "come back" when S. S. S. has made a cure, because its source has been destroyed. Book on sores and ulcers and medical advice free.

Champaign, Ill., Oct. 19.—Illinois defeated Indiana this afternoon by a score of 13 to 7. The Hoosiers could not gain consistently although they outwheeled their opponents 10 pounds to the man.

The second quarter was the only period in which the Illini were forced to give ground. In this period Indiana put the ball across the line by three successful forward passes. Illinois gained almost twice as much ground by the use of end runs and off-tackle smashes. In the third and fourth quarters the Illini smothered their opponents and scored twice. Captain Wolston, Dillon and Sennett gained most of the ground for the Orange and Blue. Fleming, Eberhart and Davis played for Indiana but lack of the drive of the Illini. The game was marred by Fleming, Eberhart and Davis played.

Drake 6; Kansas 0.

Des Moines, Oct. 19.—Drake defeated Kansas here this afternoon 6 to 0. The battle was a spectacular clash between power and speed. The Drake line failing to hold at times before the crash of the "Jayhawkers" backs, while the Kansas wings always admitted a few yards to the fleet Drake halves.

Drake outkicked, out ran and out gamed her heavier opponents and three-quarters of the game was attacking the Kansas goal line losing a touchdown by inches and the officials failing to see a safety.

Kansas made her greatest stand at the end of the second quarter and by jamming the backs past one of the Drake tackles carried the ball from the center of the field to within the Drake tackles carried the ball the ball was lost on downs. Kansas tried for a drop-kick in the fourth quarter, but all other times they were on the defense.

The Drake score came at the beginning of the fourth quarter, the ball dogs had battered the ball up to the 10-yard line in the third, were held just as the half ended. The Kansas kick was short, and Simmons, Buntz and McHenry carried the ball back on short end runs. Buntz going over for the touchdown. Kansas snapped the punt out.

Harvard 46; Amherst 0.

Cambridge, Mass., Oct. 19.—Harvard scored its easiest victory of several seasons over Amherst today, piling up 46 points to Amherst's none, on a rain-soaked field.

Amherst did not score a single first down. The crimson backfield was one of great power, despite the absence of Captain Wendell, because of injury. Brickley, who scored three touchdowns for Harvard, tore through the Amherst defense and further added to Harvard's total by two field goals. Harvard also made two touchdowns. Friedman, a last period substitute was sent over the line for Harvard's last score after the crimson had come down the field with the aid of effective rushes and 20 yard forward passes. Harvard used this latter method of offense four times, twice successfully.

Of Harvard's six touch downs only two resulted in goals.

Wisconsin 42; Purdue 0.

Madison, Wis., Oct. 19.—Wisconsin played fast football at Purdue field today and outclassed Purdue in their first game in five years by a score of 42 to 0. From the start of the game, when VanRiper after five minutes of play ran around left end for the first touchdown, the scoring was as regular as clock.

Minnesota 13; Nebraska 0.

Minneapolis, Minn., Oct. 19.—Two touchdowns by McAlmon, Minnesota's left-half, one of which was made on an intercepted forward pass after a brilliant 95 yard run and goal kicked by Quarterback Folger, spelled the score of 13 to 0, by which the Minnesotans today defeated Coach "Jumbo" Stehm's Nebraska cornhuskers. Three times the Minnesota's goal was endangered but each time the Gophers braced and their opponents failed to score.

Wisconsin made six touchdowns and Quarterback Gillette kicked every goal.

Swarthmore 21; Midshipmen 6.

Annapolis, Oct. 19.—Showing a mastery of the forward pass in so great a number of variations as to keep their opponents guessing from start to finish, Swarthmore's football team this afternoon defeated the midshipmen 21 to 6. Navy's only score was made shortly after the first period opened when Alexander Rixell, fumbled and ran ten yards for the tally.

Pennsylvania State 29 Cornell 6.

Ithaca, N. Y., Oct. 19.—Pennsylvania state outclassed Cornell in the annual football game of the two colleges here today and won 29 to 6. The Pennsylvania state players showed better form in all departments of the game.

Princeton 62; Syracuse 0.

Princeton, N. J., Oct. 19.—Princeton completely outclassed Syracuse here this afternoon and piled up 62 points to none. The visitors' weakness rather than the Tigers' concerted strength was responsible for the size of the score. Princeton made nine touchdowns and kicked eight goals from touchdowns. The three sets of back field men which Princeton used had speed and power with the result that they tore through the Syracuse line as if it were butter and circled the ends at will. Tubby Walter, Captain Pennington, H. Baker, DeWitt and Emmert, all of whom were in the game at various stages made most of the gains.

Michigan 14; Ohio 0.

Columbus, O., Oct. 19.—The University of Michigan football team defeated the Ohio state university football eleven on Ohio field here this afternoon 14 to 0 in the last game which the two teams will play, a western conference decree making it necessary for Ohio state to discontinue relations with the Wolverines hereafter.

Chicago 34; Iowa 14.

Chicago, Oct. 19.—In a spectacular game the University of Chicago football players today defeated Iowa 34 to 14. The victory eliminates the Hawkeyes from the race for the "big nine" championship. For three periods the Iowans threw a scare into the Maroons when they led with a score of 14 to 13. But Chicago was strengthened with fresh players and as a result took the lead in the last quarter and never was headed.

The Maroon backs plowed through the line for big gains in the final period, scoring three touchdowns. Pierce made all three touchdowns, ripping through the line after the ball had been advanced by use of the forward pass.

Chicago's first score was the result of a forward pass. Paine to Huntington, which was completed in the ten yard zone back of the goal line. A series of off-tackle plunges resulted in Bonnet going over for the second touchdown. Both were made in the first period.

McGinnis registered Iowa's first score in the opening quarter. His touchdown was the result of line plunges and trick plays in which Curry and Parsons carried the ball forty yards. McGinnis made Iowa's second score by line plunges after Dick had made a 35-yard run from a "spread" formation.

Hanson, Curry, Dick and Parsons were the stars for Iowa. For Chicago, Carpenter, Paine, Pierce and Norgren played the best game.

Lake Forest 48; Naval Station 0.

Chicago, Oct. 19.—Lake Forest Academy defeated the naval training station at Lake Forest to day 48 to 0.

Yale 6; West Point 0.

West Point, N. Y., Oct. 19.—After two successive years of defeat Yale regained her football supremacy over West Point in a fiercely contested game here today 6 to 0.

The touchdown came at the opening of the second period after the Yale offense had torn through the army team to the nine-yard line at the close of the first period. After the rest three yard rushes brought the touchdown. Ellbrine failed at the goal. The Yale team was the superior of the West Points in all departments of the game, but errors of the blue prevented them from rolling up double figures.

Fallback Flynn of the Yale eleven was a brilliant figure on offensive work, but made three muffs of cadet punts, each of which gave the ball to West Point. A fourth Yale fumble came on West Point's one-yard line when a touchdown seemed inevitable.

Brown 30; Pennsylvania 7.

Providence, R. I., Oct. 19.—Brown's weight-overwhelmed University of Pennsylvania's 20 to 7, in a smashing old fashioned game of football here today. Pennsylvania's only touchdown came on a forty yard dash around the end by Captain Mercer. Pennsylvania worked the forward pass successfully four times while Brown failed on the play after five attempts.

Ames 29; Missouri State 0.

Columbia, Mo., Oct. 19.—Ames, by clever use of the forward pass and by sensational end runs, this afternoon scored 29 points while Missouri State university was unable to tally once. The work of Captain Hurst for Iowa aided in the scoring and his end run of 50 yards, just a minute before the final whistle, was a brilliant play. In the first quarter Ames scored two points on a safety. Both teams used the forward pass to advantage. Missouri had the ball on Ames' 20-yard line when the quarter ended. Neither team scored in the second quarter, but Missouri forced most of the playing, having the ball in Ames territory until a few minutes before the whistle blew. When Becker, Ames' half, took the ball from his 20-yard line for an end run of 75 yards and was shoved out of bounds by Knobel, Missouri's right halfback. Ames lost a chance to score when a forward pass failed.

In the third quarter Ames by line plays reached the 20 yard line and then scored by a forward pass. Ames missed the punt out. On a punt the ball bounded against a Missouri man and Brener snapped the ball and ran 29 yards for a touchdown. Vincent kicked the goal.

Missouri opened the final period with a long forward pass, gaining 25 and 30 yards. After a punting duel in which neither team had the advantage Captain Hurst passed to Nagel at right end who ran 35 yards for a touchdown. Vincent kicked goal. Hurst then made a brilliant end run of 50 yards for the final touchdown. Vincent again kicked goal.

VIRGINIA WINS

CONTEST 6 TO 0

SECOND J. H. S. FOOTBALL TEAM MEETS DEFEAT.

Cass County Squad Proves Superiority in Fast Game—Return Contest to Be Played in Jacksonville Nov. 2.

The second football team of the Jacksonville school meandered over to Virginia Saturday afternoon, where they met defeat at the hands of the high school squad of that place by a score of 6 to 0. It was a close game throughout and interesting both to the players and from the spectators' viewpoint. This was the first contest the second team has played, while Virginia was in its third game. The Virginia men averaged in weight 152 pounds and J. H. S. 137.

Virginia thought they had scheduled a game with the first team and did not know the difference until after the J. H. S. boys arrived there. They had advertised a contest against the first team. After the game was over the Virginia boys felt satisfied that they played the second team, for they had their hands full in handling them. Whitaker was the star man for Virginia, while Sutherland made a good showing. Reynolds for Jacksonville was good in the forward passes and in kicking, while Kolp and Spears were strong in tackling. Cox was also in the game with a vengeance.

It was one of the cleanest games ever pulled off in Virginia and the work of Stewart as referee was very satisfactory. Virginia believes that they can win a second contest from the second team so agreed to a game to be played here on Illinois field Nov. 2. The locals speak in the highest terms of the treatment afforded them while in Virginia.

Story of the Game.

The first quarter opened with Virginia kicking to J. H. S. and Kolp returned the ball ten yards, from the 20-yard line. Jacksonville held Virginia for downs and Whitaker missed the 35-yard place kick by two feet. The quarter ending right after the kick.

In the second quarter there was an exchange of punts and end runs. Whitaker intercepted a forward pass and made a pretty run of 75 yards for a touchdown. Whitaker failed to kick goal, making the score 6 to 0. Jacksonville kicked to Virginia and the teams see-sawed back and forth over the field and the half ended with the ball in the center of the field.

Jacksonville started the third quarter by kicking to Wankle, who was downed in his tracks. Jacksonville held Virginia and Whitaker was forced to kick. Jacksonville received the ball in the middle of the field. There were a number of line plunges and end runs by both teams and the quarter ended with the ball in Virginia's territory.

In the fourth quarter Virginia recovered the ball on a fumble on Virginia's eight yard line and after four smashing line backs Jacksonville held their foe for downs on Virginia's third yard line. Reynolds punted out of danger toward the center of the field and Sutherland, after artfully dodging several men, took the ball back to Jacksonville's ten-yard line. With only a few seconds to play Kolp made a dying tackle of Whitaker, thus preventing Virginia from making another touchdown. The game ended with the ball in Virginia's territory.

The following was the line-up:

## GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

## ILLINOIS COLLEGE NOTES.

Mr. Thomas Worthington, a member of the board of trustees of the college, will address the students at the chapel exercises Tuesday morning.

President Rammelkamp was in Champaign Tuesday and Wednesday attending the sessions of the Presbyterian Synod of Illinois. He went to Springfield on Friday to attend a meeting of the board of trustees of the State Historical Library.

The campus improvement committee, under direction of its chairman, Mrs. T. J. Pitner, has been busy during the past week superintending the planting of several hundred shrubs on the campus. Shrubs have been set out along College avenue and Park street, in front of the dormitory and around the club house.

Mrs. Edward Capps, wife of Professor Capps '87, of the department of classics at Princeton, is a guest at the home of President and Mrs. Rammelkamp.

The Rev. John N. Mills, D. D., of Evanston, Ill., an honorary alumnus of the college will visit the college the latter part of November. He has just returned from a two year's trip around the world. He will give an illustrated lecture, under the auspices of the college and Westminster church, on Sunday evening November 24, at Westminster church. The lecture will be on the missionary work in Japan, China and Korea.

M. W. Vittum, '07, is an instructor in physics in the High school at Sioux Falls, S. D.

## WELL KNOWN DETECTIVE'S

## BIRTHDAY.

William J. Burns, probably the best known detective in America, was born in Baltimore, Oct. 19, 1861, of Irish parentage and was 51 years old Saturday. His education was received in the public schools of Columbus, Ohio. He was first employed as a clerk in a store, and his next business step was in detective work. In 1887 he helped to unearth tally sheet forgeries in Columbus and Cincinnati, his first notable case. For 22 years, up to 1903, Mr. Burns was in the federal secret service and handled many big cases for the government. In 1899 he ran down the Philadelphia-Lancaster counterfeiters, who had robbed the government of \$250,000 through counterfeit cigar stamps. A few years later his investigation into land frauds resulted in the conviction of numerous high public officials, including a United States senator. More recent among the notable exploits of Mr. Burns was the gathering of evidence that resulted in the conviction of the Los Angeles Times dynamiters.

QUININE? NO! PAPER'S  
BEST FOR BAD COLD

First Dose of Paper's Cold Compound  
Relieves All Misery From a Cold  
or the Grippe.

It is a positive fact that a dose of Paper's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, or throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Paper's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.

## RELAY FROM OCEAN TO OCEAN

New York, Oct. 19.—The ocean-to-ocean relay of the Federation of American Motorcyclists, by which a message from the war department will be carried by motorcycle messengers from New York to San Diego Cal., is scheduled to start from the city hall here tomorrow morning. The route will be from New York, through Philadelphia, Baltimore, Washington, Wheeling, Columbus, Indianapolis, St. Louis, Kansas City, Albuquerque, Phoenix and Yuma to San Diego.

It is believed that the message will arrive at the California city as speedily as though carried by the fastest mail trains. The message will be delivered from one relay to another without the loss of a minute. The co-operation of governors, mayors and other officials in the states and cities through which the route is laid, has been promised. This will practically assure a clear road and permit the best possible time.

It has been arranged to have three riders in each relay, and each relay will carry the message approximately 100 miles. As soon as the message is accepted by one relay, the relay just ahead will be notified by wire when to expect it and will thus be ready to take it and carry it without loss of time.

## SOLDIERS' MONUMENT

UNVEILED  
Dover, N. H., Oct. 19.—A handsome monument presented to the city of Dover by Col. PARIS LETTER  
By Associated Press.

Paris, Oct. 19.—The serious question of the security of aeroplanes has been raised by the great number of fatal accidents to airmen and is to be discussed at length at a special session of the Permanent International Aeronautical Commission during the aviation salon on November 4, 5 and 6. Several important communications are then to be made by military and civil experts of various countries.

A novel feature of the Salon which opens on October 28 will be the exhibition of a large number of military and naval aircraft constructed by public subscription. The military machines are to be guarded by aeronautical sappers and the naval hydro-aeroplanes by blue-jackets.

A number of 'Aviettes,' which is the technical name for machines or planes propelled by human power only, will be exhibited in a special section of the Salon.

The 700 candidates for France's flying corps are to be subjected to very severe tests at the physical examination ordered by the minister of war.

Among the requirements are perfect vision, normal color sense, sharp hearing, and absolute soundness of the organs of respiration and circulation. It is specified particularly that no men who have to wear spectacles shall do any flying, a rule made the more interesting because some of the world's most notable air men, past and present, wore or now wear glasses.

An amusing narrative of the comforts of prison life in Constantinople is told by a French correspondent.

Having applied in vain for permission to visit the imprisoned Djavid Bey, ex-minister of finance, the correspondent went to the prison and boldly asked to see the distinguished prisoner. To his surprise he was immediately shown in, and after having been requested to sign the visitors' book, was ushered into a magnificently furnished room, where the governor and several attendants were occupied receiving the prisoner's guests. A large table in the center of the room groaned under the weight of cakes and Oriental sweetmeats, while coffee was being handed around by uniformed servants.

Djavid Bey himself was delivering a political speech at the far end of the apartment. Having concluded his discourse amid a round of applause from his fellow prisoners, the ex-minister came forward to welcome his guest. Prisoner and correspondent made a tour of inspection of the sumptuous house of detention, where the prisoner's rooms

are decorated every day with fresh-cut flowers and where the sentries are expected by the governor to wait upon the prisoners. Then they took coffee together.

As the correspondent was about to leave, stating that he had only a half an hour to spare, Djavid Bey said: "I shall accompany you."

The prison doors opened without the slightest difficulty and half an hour later the ex-minister bade his guest farewell, saying that it was too cold to stay out late and that he was going "home."

## MESSAGE TO WORKING WOMEN

All women work; some in homes, some in church, some in the whirl of society, and in stores, offices and shops, tens of thousands are on the never ceasing treadmill, earning their daily bread.

All women, however, are subject to the same physical laws, and suffer alike from the same physical disturbances and weaknesses, peculiar to their sex. Every woman, no matter what her station in life, should remember that Lydia E. Pinkham's Vegetable Compound is the great remedy for female ills, in which she should place her trust.

## INTEREST IN NEW BRITISH SHIP

London, Oct. 19.—The launching of the new battleship Marlborough next week is attracting much attention in naval and shipbuilding circles. The details concerning the new vessel have been kept rather dark, but it is known that she has been designed to show an increase in size, speed and fighting power over any ships of her type now afloat. She will be almost twice the size of the original Dreadnaught, which displaces 17,500 tons. The cost of the Marlborough will be approximately \$13,000,000. Her armor plating will be on an increased scale and she will mount ten of the latest type of 12-inch 50-caliber guns.

## NATIONAL GUARD CONFERENCE.

Macon, Ga., Oct. 19.—A conference of the National Guard Association of Georgia was held here today, the chief subject of discussion being the militia pay bills. Major Claude C. Smith of Atlanta, president of the association, presided over the conference, which met in the armory of the Macon volunteers.

## CIVIL SERVICE GROWTH IS RAPID

Increase in Number of Applicants Under New Law Shows 75 Per Cent Increase Over 1910.

In looking over reports of examinations conducted during the last year, Secretary Ward Robinson of the state civil service commission has discovered that the number of applicants per year for positions has increased 75 per cent since 1910, when the old law was in force. The increase since 1911 has been fully 50 per cent.

"The department has become a great employment agency," Mr. Robinson said. "There are approximately 5,000 people in the service of the state who are under civil service and there are about 300 different positions. You can see what that means. We must be prepared to fill vacancies in these places, which vary in character and importance from common laborer to medical specialists with all the gradations in between."

"The civil service department has been working up to the requirements of the new law and things are just now beginning to run smoothly. How great an increase in work the new statute has brought to the department can be seen by a comparison of figures."

"In 1910, under the old civil service law, 3,980 applicants were examined for all classes of positions. In 1911, when the new law went into effect, this number increased to 4,685, but this year we have already examined 5,141, and the total at the end of the year doubtless will be over 6,000."

"In the one general examination July 20, last, the number of applicants was 21,240."

"We have one of the great free employment agencies of the state and it is growing more important every month as the people learn that 'pull' and politics have nothing whatever to do with the making of appointments."

## FORAGE RATIONS FOR GROWING HORSES

The Nebraska agricultural experiment station has just issued Bulletin 130, with the above title. The bulletin gives the results of growing three lots of 10 colts each from weaning time until January 14 of the winter after they became three years old, on different pasture and forage rations. Lot one ate alfalfa hay during the winter and grazed on alfalfa pasture during the summer. Lot two ate alfalfa hay during the winter and grazed on native grass pasture during the summer. Lot three ate prairie hay and cane hay during the winter and grazed on native grass pasture during the summer. Each lot was fed grain during the first winter. Lot three was fed grain during the second winter also. During the third summer all lots were given the same feed, and the colts were all worked some.

The gain on alfalfa pasture during the first summer was more than twice as much as on the native grass pasture, but during the second summer the colts that did not have alfalfa at any time (Lot 3) gained more on the native grass pasture than the colts in lot one gained on alfalfa pasture.

During the first winter the gain of the colts fed alfalfa hay was about 50 per cent more than the gain of those not fed alfalfa hay. After the first year, the rate of gain depended largely on the condition of flesh of the colts at the beginning of the period under consideration. The colts fed prairie hay and cane hay in the winter made a faster gain during the summer than those which had been fed alfalfa during the winter. Also the colts that grazed on native grass pasture in the summer made more gain during the winter when fed alfalfa than the colts which grazed on alfalfa pasture in the summer and were fed alfalfa in the winter. This may be explained by the fact that an animal thin in flesh gains faster when given good conditions than an animal already in good flesh.

The author concludes that it was not profitable to pasture the alfalfa, at least after the first summer, under the conditions prevailing at North Platte. Under certain conditions it may be profitable to pasture alfalfa. Feeding alfalfa hay during the winter was profitable. Illinois Farmers' Institute.

## A NEGRO GIVEN ORDERS.

The St. Louis Republic gives an account of the chasing of a descendant of Ham out of Calhoun county on Sunday. The person had been compelled to jump from an excursion boat on account of having been involved in a row, and swam to the shores of the Kingdom and was discovered wandering near Hardin by some of the citizens. He was escorted across the river into Greene and given orders to move on. The Republic concludes its article with the statement that "history tells of no negro who has spent an entire night in Calhoun county," which is not correct, says the Carrollton Gazette.

Old man Edmunds and his daughter, colored, lived many years in Gilead, the former county seat of Calhoun, and were never molested. They lived there during and after the war. The old man made and sold brooms and was treated kindly by every one, but they are the only Africans who ever had this honor.

Soon after the war three negroes came into Hamburg, entered a saloon and bought some tobacco. They each had a five shot revolver and boasted that they could take care of a crowd of fifteen. They went north on the road running between the river and the great stone front bluffs and before having gone a mile two of them were killed and the other wounded. No other negro than the Edmunds ever, since then, remained over night in the Kingdom in peace.

## NOTES FROM THE LABOR WORLD.

Housemaids in Cleveland, Ohio, have organized a union.

Twenty-four states have enacted laws safeguarding machinery.

About eight million men are employed in regular occupations in Great Britain.

Canada has nearly one hundred and thirty-three thousand two hundred unionists.

All of the workmen employed in the Fore River, Mass., ship yards will go on an eight hour basis November 4.

Seventy schools in horseshoeing, with courses ranging from one to six months, are maintained at public expense in Germany.

The American Federation of Musicians has at present a cash balance of \$89,000 in its treasury and 588 locals on its roster, all in good standing.

All unions attached to the Ohio State Federation of Labor have received notification that the annual convention meets in Canton this week.

The Sheep Herders' union of Butte, Mont., is sending out an appeal for financial assistance in the work of organizing the sheep herders of the country.

The call has been issued for the thirty-second annual convention of the American Federation of Labor, to be held at Rochester, N. Y., beginning Monday morning, Nov. 11, 1912.

Decatur, Ill., colored women, wives of union men, have organized an independent women's union label league. So far as known this is the first auxiliary of colored women in the country.

During the six months ending June 30, 1912, the Brotherhood of Painters and Decorators organized 48 new local unions, the organization now having 914 local unions in good standing.

Fargo, N. D., Trades and Labor Assembly has lost its A.F. of L. charter because of its refusal to unseat a rival union of electricians. It is said similar action is contemplated in several Minnesota towns.

The British Socialist party, in conjunction with the British syndicalist movement, headed by Tom Mann, is now engaged in arranging protest meetings and raising funds for the defense of Ettor and Giovannitti.

The Miners' Federation of the United Kingdom passed a resolution in favor of a five day week at their recent meeting. The proposal will be submitted to a ballot of the men in all the mines of the country.

According to the latest report compiled by the committee on welfare, more than 24,580 employees of the United States Steel corporation are stock holders of the company, their aggregate holdings amounting to more than 102,245 shares.

Scientific methods are to replace the old system of factory inspection in Illinois. In a recent civil service examination for factory inspectors, men specialized for different classes of inspection passed. For mechanical appliance inspectors mechanics alone qualified; for ventilation inspectors, experts on the subject secured the positions and for structural iron work and all the other classes, an expert in each trade was made an inspector.

## SEEK PAWNEE GIRL.

Frances Taylor, 17 Years Old, Disappears From Her Home.

Police and sheriffs throughout Illinois have been furnished with a description of 17-year-old Frances Taylor, daughter of Deputy Sheriff J. F. Taylor of Pawnee, who disappeared last Saturday while in Springfield to attend the state fair.

The girl came to Springfield Friday morning with a young sister and brother to see the fair. They spent the day at the grounds, where Deputy Taylor was during the week. In the evening they went to the home of their sister, Mrs. Cora Sandridge, 720 South Fourteenth street, to spend the night. Saturday morning the other children returned home, but Frances asked her father to be allowed to visit her sister over Sunday.

Mr. Taylor accompanied her to Fifth and Washington streets, where he left her, expecting her to go to her sister's home. Thursday, when came to Springfield to take her home, he found that she had not been at Mrs. Sandridge's home since Saturday morning. Police were notified and furnished with a description of the girl. A city wide search is being made for her.

## QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

## LADIES WILL RUN PAPER.

The ladies of the Lincoln Baptist church have made arrangements with the Courier-Herald company at that place whereby they will edit a special edition of the morning Courier on Saturday morning, November 2. This special edition will contain news matter of every description gathered in the county by the ladies of the church. It will contain local advertising secured by the ladies and the proceeds of this advertising will go to the ladies of the church.

## ANOTHER LOCAL FREIGHT.

Another local freight train between Tallula and Roodhouse has been put in service on the Alton being required by the great increase in business. The previous arrangement carried one crew between Bloomington and Tallula and another between Tallula and Roodhouse. It was recommended to add another crew between Tallula and Roodhouse and the crew will look after the Jacksonville switching in addition to other work.

# The Repulsiveness of Medusa

(NOTE—Medusa, one of the three Gorgons mentioned in Mythology, is described as being a fair maiden of rare and touching beauty. Because of the desecration of her temple, the goddess Minerva in revenge changed Medusa's hair to snakes and decreed that whatsoever should look upon her face be turned to stone.)

## NEWBRO'S HERPICIDE

The Original Dandruff Germ Destroyer

Normally everyone should have good hair, and were it not for unnatural conditions existing in the scalp, luxuriant, fluffy hair would be the rule rather than the exception. Dry, lustreless hair is due to dandruff caused by an invisible microbic growth of germ. The regular and consistent use of HERPICIDE removes the dandruff scale, kills the germ and keeps the hair and scalp in a clean, sanitary condition. It acts as a preserver of the hair, prevents it falling out and stops itching of the scalp almost instantly. Herpicide has a most delightful odor, contains no grease and does not stain or dye.

If it results you want, insist upon having Newbro's Herpicide and not an off brand article.

Applications at the better barber shops and hair dressing parlors.

SAMPLE BOTTLE AND BOOKLET FOR TEN CENTS

Send 10 cents in silver or postage to THE HERPICIDE COMPANY, Dep. 87B, Detroit, Mich., for trial bottle and booklet about the hair, sent postage paid to any address.

Try Herpicide Aseptic Tar Soap for the Shampoo. There is nothing better. To know the real comfort of hair-dressing, ladies should use the Herpicide Comb, No. 999. Ask your druggist about both.

Two sizes, 50 cents and \$1.00. Sold and guaranteed everywhere—money refunded if results are not as promised.

## The Trip to California Under Special Care

"You feel like sorting out and tying together the memories of this trip and keeping them separate from all other trips." A woman recently said this after a pleasant experience on a Burlington Route "Personally Conducted" excursion party to California. She traveled alone, but met many agreeable people on the car, which was in charge of a special conductor. This good-natured official was a well-informed, courteous man who went all the way through with the party, looking after everyone's comfort and attending to all the little details of the trip. Thus a woman or child in one of these parties can travel with perfect safety and freedom from care.

If you would like to know more about the Burlington's comfortable, popular and inexpensive personally-conducted excursions to California, through scenic Colorado and Salt Lake City, please write me a postal and I'll be glad to send you a copy of our illustrated folder, describing the trip in detail, the scenery, the choice of routes, telling all about how to join one of these parties and containing one of the best maps of California ever published. E. F. Mitchell, Ticket Agent, Burlington Route.

## GENERAL MARKET NEWS

### HEDGING SALES

### EFFECT MARKET

Wheat Closes 1/4 to 3/4 Under Friday  
—Corn Show Net Loss of 1/4 to 3/4.

(By Associated Press.)

Chicago, Oct. 19.—Hedging sales  
from the northwest had a depressing  
effect today on wheat. The market  
closed easy 1/4 to 3/4 under last night.  
Corn showed a net loss of 1/4 to 3/4 to  
oats finished unchanged to a six-  
teenth decline to 1c advance.

Northwestern pressure on the sell-  
ing side of wheat resulted from the  
fact that the week's terminal re-  
ceipts were highest total of the week.

There was apparently no hedging  
being done by Chicago houses. Bull-  
ish sentiment here, however, had be-  
come demoralized by the low prices  
named in bids for export business  
and by weakness at Winnipeg, where  
foreign activity would naturally de-  
velop first. December ranged from  
92 to 92 1/2, the close being 1/4 loss at  
92 1/2.

Better weather tended to weaken  
corn, the demand was of a scanty  
sort. December ranged from 53 1/2 to  
53 3/4, closing steady 1/4 to 1/2 off at 53 1/2.

Oats suffered from neglect, Decem-  
ber kept within 32 1/2 and 32 3/4 with the  
close a shade net lower at 32 1/4 to  
32 3/4.

Covering by shorts made provis-  
ions for the most part firm. The  
only exception was October pork,  
which reached 17 1/2 net.

## WOMAN'S COLLEGE NOTES.

President Harker has returned from a business trip to St. Louis. Rev. Arthur Ewert spent Friday in Franklin in the interests of the college.

Miss Jennie Anderson delightfully entertained the Freshmen Wednesday afternoon. Following this on Thursday morning, the entire class, fifty strong, made its formal entrance into chapel. Each one wore the class colors, which was yellow, in the form of a ribbon with a rosette on top. They sang a song, written in honor of the Freshmen, which was very cleverly written. This is the largest class that the college has ever had, and a very live organization.

Mrs. Töhl of Flat Rock, and Mr. George Aldrich of Springfield, were visitors at the college this last week. Miss Irene Watts, of Green Valley, has entered the college.

Miss Ruby Neville will give her illustrated lecture on Palestine before the Young Women's Christian association Sunday evening, at 8:15.

Miss VanNess entertained the science and mathematics teachers of the city Wednesday evening in the Belles Lettres society hall. Miss Mary Anderson read a carefully prepared paper on the Development of Scientific Thought. An interesting discussion followed the reading of the paper.

Tickets are going well for the Artists' course, given by the college. The opening recital, which is to be given by Maud Powell Monday evening, will be of special interest to our music lovers, as she is to be assisted by Mr. Musgrove, who is a very talented pianist, and who has been traveling with Maud Powell this season. He will give a group of three selections.

The plan of the college in giving this course is not to make money, but to have it conducted for the benefit of the students of the community. The college is planning to make this a permanent affair, and intends to put into this course a thousand dollars each year. Whatever is left over each year from the sale of patrons' tickets and single admissions will be added to this thousand dollars, so that even better and stronger attractions can be brought to the city, than would be possible otherwise. Season tickets may be reserved at Brown's music store. If any seats are left Monday night, same may be secured at the hall Monday evening.

Dr. and Mrs. Harker entertained a few of the private music teachers of the city Thursday afternoon at 4:15, in Prof. Donald Swarthout's studio. A very pleasant time was enjoyed by all present, and light refreshments were served.

**THE WOMAN'S COLLEGE GUILD.** The Woman's College Guild will meet in the college chapel at half past two, Saturday afternoon with Mrs. C. G. Marquis of Bloomington as the guest of honor.

Mrs. Marquis is the gracious president of the university at Bloomington under whose leadership the organization has attained such popularity and influence in the city.

She will address the ladies of the guild and several musical numbers will add pleasure to the program, which will be followed by a social hour.

Members of the guild, alumnae and former students of the college are requested to bring a friend to share in the pleasure of meeting Mrs. Marquis.

## MISSIONARY SOCIETY ELECTS.

The Woman's Home Missionary society of Centenary church held its regular meeting Friday afternoon at the home of Mrs. James Cridland on South Diamond street. Following the regular business the annual election of officers was held after which a social hour was enjoyed and delicious refreshments were served. The election of officers resulted in the choice of the following:

President—Mrs. Charles Rafferty. Vice president—Mrs. M. H. Goodrick.

Recording secretary—Mrs. W. H. Suydan.

Corresponding secretary—Mrs. Whorton.

Mitte box secretary—Mrs. W. B. Rexroat.

Treasurer—Mrs. Charles Glossop. Home missionary treasurer—Mrs. Albert Metcalf.

## ADMINISTRATOR'S NOTICE.

Estate of Riley Smith, deceased.

The undersigned having been appointed administratrix of the estate of Riley Smith, late of the county of Morgan and state of Illinois, heretofore gives notice that she will appear before the county court of Morgan county at the court house in Jacksonville at the December term on the first Monday in December next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted. All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 12th day of October, A. D. 1912.

Hannah A. Smith, Administratrix.

## REPUBLICAN RALLY.

There will be a Republican rally held at the court house, Monday evening, Oct. 21, under the auspices of the Colored Republican club. There will be good speaking and music. Dr. E. J. ## Political Notes And Comment

### A GOOD COUNTY TICKET.

The Republicans of Morgan county at the primary last spring selected a good list of candidates. The nominees are men who are well qualified for office and who can go before the people and ask for votes with a knowledge that if elected they can fulfill the duties of the offices they are seeking. The nominees are, for circuit clerk, John A. Rawlings; for states attorney, F. L. Gregory; for commissioner, Allison Thomson; for coroner, George V. Skinner.

### MR. RUSSEL AND TEN REASONS.

Andrew Russel as a candidate for state treasurer, is entitled to the support of his own party and of voters generally who want an honest and capable official for that important state post. Some one who is familiar with Mr. Russel's character and record in public and private life has advanced the following ten reasons why he deserves consideration at the coming election.

First—Because he is an honest man.

Second—Because he is a competent man.

Third—Because he always stands for the right.

Fourth—Because he is free from all political alliances and entanglements.

Fifth—Because he stands on his own merits, personally and publicly.

Sixth—Because he cannot be bullied or bought and attends strictly to his own business.

Seventh—Because in his ten years of public life his name has never been mentioned in connection with bribe or graft.

Eighth—Because his record as chairman of the State Board of Pardons, from 1901 to 1906, is clean.

Ninth—Because the pen or a voice has ever questioned his honesty, fairness and ability while on this board.

Tenth—Because his record as a state official showed him to be the right man in the right place.

Eleventh—Because while serving the people of the state as treasurer, by giving the duties of the office his personal attention he increased the net profits 100 per cent.

Twelfth—Because his record as a state official showed him to be the right man in the right place.

Thirteenth—Because his record as a state official showed him to be the right man in the right place.

Fourteenth—Because his record as a state official showed him to be the right man in the right place.

Fifteenth—Because his record as a state official showed him to be the right man in the right place.

Sixteenth—Because his record as a state official showed him to be the right man in the right place.

Seventeenth—Because his record as a state official showed him to be the right man in the right place.

Eighteenth—Because his record as a state official showed him to be the right man in the right place.

Nineteenth—Because his record as a state official showed him to be the right man in the right place.

Twentieth—Because his record as a state official showed him to be the right man in the right place.

Twenty-first—Because his record as a state official showed him to be the right man in the right place.

Twenty-second—Because his record as a state official showed him to be the right man in the right place.

Twenty-third—Because his record as a state official showed him to be the right man in the right place.

Twenty-fourth—Because his record as a state official showed him to be the right man in the right place.

Twenty-fifth—Because his record as a state official showed him to be the right man in the right place.

party's platform is beautiful; but the foundations are fatally defective. They are industrial absolutism and the subjection of labor. This party pledges itself to legalize private monopoly instead of regulating competition. The new party platform is the expression not of hope, but of despair. It says in effect: "We must abandon industrial liberty. We must recognize as inevitable private monopoly—that cursed product of despotism from which, in the past, the few have ever profited at the expense of the many. But we will draw its fangs; will regulate it by an interstate trade commission; will curb its abuses and will limit the prices it may charge."

### STATE COMMITTEE'S VIEW.

The Republican state committee met in special session in Chicago Friday and took stock of the situation in the state, particularly with regard to the conditions of the state ticket. A careful survey of party affairs in each of the congressional districts, reported by the members, showed that the prospects for the election of Governor Deneen and the entire state ticket are entirely favorable and that with the full force of the party organization at work on election day there can be little doubt of the election of all of the Republican candidates.

The committee reported that there has been a most hopeful change in the sentiment from that which obtained at the beginning of the campaign, and that while the Bull Moose state ticket has made important inroads in a half dozen sections of the state, the candidacy of Funk for governor is not sufficiently serious to jeopardize the state ticket, provided always that the Republican vote gets to the polls next month.

The real fight, according to the reports which were made, is between Deneen and Dunne and the remainder of the campaign will be devoted to a no-quarter attack upon the former mayor. The special meeting was called chiefly to fill the four vacancies in the list of Republican presidential electors made necessary by a recent ruling of the attorney general's office in Washington, D. C.

Great satisfaction was manifested in the ruling of the supreme court announced that the name of a candidate may appear but once on the official ballot. The decision prohibits a candidate from running both as a Republican and a Bull Moose, a course which had been hoped for by certain congressional and legislative candidates.

### HAS KEPT THE FAITH.

Writing on "The Supreme Issue" in the Saturday Evening Post, President Taft said recently:

"When I took the oath of the highest office in the gift of my fellow

citizens it was with no lack of appreciation of the great honor that had been done me, but with an infinitely greater realization of the heavy, the almost terrible, responsibility that rests on the president of the United States. To me there came as a heritage the noble records of those who had gone before, Washington and Lincoln, Grant and Garfield, McKinley and Roosevelt, great presidents and great Republicans.

On me rested the responsibility of maintaining the high standard they had set, of doing credit to my party by serving the country to the best of my ability, and of carrying on to successful fruition those wise policies devised by my predecessors, which had become synonymous with Republicanism as they were with good government. And I have kept the faith.

Ours is the party that does things, as distinguished from those who merely oppose and those who only propose. Under its skillful guidance many storms have been weathered, many vicissitudes have been survived. Failures have commanded public confidence and lost it. Our opponents have espoused such nostrums as greenbackism and free silver, while we have preserved the even tenor of our way, unshaken by the storm, and ultimately it has been given us to prove that these panaceas were not progress and that advancement could be made only along sane lines, step by step—that it was and is "liberty under the law."

The noblest achievement of the Republican party has been the extension and the conservation of liberty, its proudest boast that it freed the slaves. Perhaps it is because it has always been the sacred trust of this party to act as the conservator of liberty that it is least willing to experiment with those innovations that would jeopardize the integrity of our judiciary, which for more than a century has been the bulwark of liberty, the protection of the weak against the strong, and the safeguard of the rights of the minority, standing as adamant against temporary majorities until time and wisdom have served to show the right. And once they perceive the right, no majority of Americans will stand for what is wrong.

The oath taken by the president of the United States calls upon God to witness that he will uphold the constitution of the United States, and when I took that oath I took it with full and unqualified conviction that "the fabric our fathers builded will stand all shocks of faith or fortune." Bound by that pledge and guided by that conviction, I have spurned every attempt to undermine that great bill of rights which is indispensable to the preservation of our liberties; and no man can say I have ever faltered, even when as in more than one instance, the course to which I was pledged forfeited a certain popular approval or impelled the criticism of the thoughtless or of that far greater class, those too greatly occupied in the turmoil of our industrial progress to investigate and reflect.

It is easy to bandy charges and to misrepresent motives. Any man

can bear false witness against his neighbor, but charges are not proof and calumnies are not evidence, and I defy any man to prove that I have ever been false to my solemn responsibilities, have ever betrayed the trust reposed in me. I face the future confident that my acts will prove my motives and that time will confound those who have misrepresented them.

JOHN A. RAWLINGS  
Republican Candidate for Circuit Clerk.

The office of circuit clerk and recorder is one of the most important within the gift of the people of this county. John A. Rawlings has held the post for the past four years and has made an enviable record. The affairs of the office have been managed in a way which has shown the efficiency of his methods. The title to your property depends on the accuracy and faithfulness of the circuit clerk and recorder and Mr. Rawlings is competent and trustworthy.

### WITNESSES ON STAND IN LABOR RIOT CASE

State Witness Contradicts Statements Made in Previous Testimony.

Lake, La., Oct. 19.—Steve Buxton, a lumber mill employee and a state witness in the labor riot case, spent most of today on the witness stand and contradicted statements of previous witnesses.

Buxton stated that on the night of the riot which resulted in four deaths, John Galloway said:

"By ——— they shan't speak. Don't let them speak."

He referred to a meeting of union men which took place near the Galloway lumber mills and which broke up in the riot. The other witness had said Galloway had admonished his non-union workmen to let the union men peacefully hold their meeting.

## WRECK ON WABASH

Rear-end Collision at New Berlin Ties up Traffic For Ten Hours—Trains Sent Around via Alton Cut-off.

Traffic on the Wabash was tied up for ten hours Saturday night as the result of a rear-end collision of two freight trains at New Berlin at 7 o'clock. First No. 94 ran into the rear-end of No. 72. The caboose was shattered and several cars were off the track. The engine to No. 94 was also badly crippled. Nos. 50 and 4 were derailed by the Wabash cut-off and No. 28, which arrived here this (Sunday) morning at 1:45, was also sent around via the cut-off. The wrecker and crew expected to have the tracks cleared by 5 o'clock this morning. Engineer Adams and Conductor Bell were in charge of No. 94 and Conductor Knox was piloting No. 72.

### AN ENTHUSIASTIC AUTOIST.

## ANNUAL CONFERENCE OF CHARITIES OPENS

Seventeenth Annual Assembly Opened in Springfield Last Night.

Springfield, Ill., Oct. 19.—Prominent workers in the fight against disease in all its forms and against the social evils are here from all over the nation to attend the seventeenth annual conference of Charities and Corrections which opened here to night. Among the prominent men who will speak are Dr. F. Park Lewis, of Buffalo, N. Y.; Dr. Wm. T. Shanahan, medical director of the New York State Colony for Epileptics; Dr. H. H. Goddard of the Vineland, N. J. School for Feeble Minded; Paul Kellogg of the Russell Sage Foundation of New York City and others.

In his annual address this evening the president of the conference Professor Edward C. Hayes, head of the department of sociology at the University of Illinois, recommended the correlation for purposes of co-operation of all the organized agencies that are already seeking to promote social welfare in Illinois. He also favors the establishment of county and city conferences of charities and corrections. He favors provision by the legislature of a citizens' institute to be conducted similarly to the farmers' and teachers' institute with an object of bettering social conditions.

The prominent speakers in the city will fill the pulpits in the various churches tomorrow morning.

Tomorrow afternoon, a big mass meeting will be held.

The state society for the prevention of tuberculosis held its annual meeting this afternoon. The time was consumed principally with discussion of the anti-tuberculosis movement in smaller cities of the state.

Dr. George T. Palmer of this city, and Dr. J. W. Pettit of Ottawa were the principal speakers. The Illinois Association of Poor Farm superintendents will hold sessions Monday and Tuesday and the Illinois branch of the American Institute of Criminal Law will hold one session on Monday.
